

Decatur Offers Site For Plant

Decatur business men today are preparing to offer to the federal government without cost, a site for the location of the \$3,000,000 government nitrate plant and the \$1,000,000 federal powder mill. The site will embrace 500 acres and will be down the river from Decatur a distance of a few miles. It is ideally adapted for the purpose. Foster H. Pointer and others interested in the matter, stated today that 200 acres had already been promised, and that there would be no difficulty in securing the remainder. Col. C. C. Harris, D. S. Echols, R. P. McEntire and others are said to have offered to give 50 acres each.

Owing to the fact that Sheffield property holders are reported to have set an exorbitant price on their lands, it is thought here that there is a strong probability that the generous offer made by Decatur will be accepted.

ALBANY BOOSTERS DEATH COMES TO AT BANQUET BOARD: MRS. JOHN SANDLIN MANY SPEAKERS WERE ON PROGRAM

When the dinner bell rang out last night for the Booster supper at the Y. M. C. A., from 75 to 100 business men of Albany put their feet under the mahogany and fell to with a will.

To the ladies who had prepared a most substantial and excellent repast and who graciously served the "ugly ducklings," a rising vote of thanks was given. Well cooked, well served, where every fellow got the worth of his money and more, this occasion will linger in the minds of all as an affair marking another step in the march forward and progress of the youngest and biggest city in Alabama.

At the conclusion of the dinner, that past master, A. G. Patterson, arose and in his introduction of speakers, not only made home runs in witty and bright sallies, but filled brief intermissions between addresses with practical business talks that augur well for the future of Albany and ten to make permanent the organization of the Boosters.

Mayor E. C. Payne, Rev. J. C. Persinger, A. A. Hardage, Dr. H. R. Thompson, T. A. Bowles, F. A. Bloodworth, W. R. Hall, I. J. Kuhn, F. F. Tidwell, R. E. Chandler and W. R. Shelton covered the subjects assigned them to an advantage, but it was Judge W. W. Brandon, candidate for governor, a guest of the evening, who, with eloquence and forceful oratory, took up the matter of good roads and placed before his hearers most sincerely the needs of Alabama for good roads and offered practical suggestions as to how they could be built and maintained.

Messrs. B. L. Malone and H. R. Davis were unavoidably absent and a letter was read from the former warmly commending the movement and promising his active support of anything that would forward the interests of Albany.

The Booster Band was on hand to discourse sweet strains, thus enlivening the evening; in fact, these musical boys are always Johnny on the spot when they can do anything to advance the interests of Albany and the business men who compose the Boosters.

Following the dinner the entire party retired to the grounds where the Great Cosmopolitan Shows are exhibiting, where they were guests of the show and spent an hour or so seeing the sights.

Everybody enjoyed everything done during the whole evening and much was done to cement the interests of Albany business people and bring about a full spirit of co-operation.

Prof. Ralph W. Cowart in a short address took occasion to boost the

Senate Committee Votes to Probe LaFollette Charges

Washington, Oct. 5.—The senate privileges and elections committee today authorized the appointment of a sub-committee to investigate the alleged seditious speeches of Senator La Follette at St. Paul.

The committee decided to recommend the adoption of a resolution asking for authority to employ stenographers and meet other needs in conducting the investigation. It completely exonerates Senator Stone of Missouri, from all charges of seditious obstruction.

The resolution will be laid before the senate this afternoon.

CONGRESS QUILTS SATURDAY, MOST HISTORIC SESSION IS NEARING END

LAWMAKERS TO GO BACK HOME
FOR A REST AFTER BUSY GRIND
OF MANY MONTHS.

INSURANCE BILL IS PASSED

WENT THROUGH WITHOUT A DIS-
SENTING VOTE. HALF OF MAR-
RIED MEN'S PAY FOR DEPEND-
ENCIES.

(By THOMAS R. MARSHALL,
Vice-President of U. S.)

Washington, Oct. 5.—There has been much unjust criticism of the congress which ends tomorrow, on the charge that it has been hindering, impeding and delaying legislation. The people are not familiar with the bills themselves and do not understand the phraseology. A great many people would be unable to determine the force and effect of a bill, therefore the best thing in a legislative body is full and free discussion, although it takes time for this. In the number of subjects taken up and disposed of and the magnitude of the business involved, this congress has done more and bigger work than any legislative body which ever sat in this country.

(International News Service.)
Washington, Oct. 5.—When the Sixty-Fifth congress adjourns tomorrow until December it will have concluded the most remarkable session ever held by a legislative body in the history of the world.

For importance of work accomplished and for the stupendous total of money appropriated, the war session eclipses everything on historical record.

Perhaps the most extraordinary record set in all the record-smashing was the voting of more than \$21,000,000 for the first year of the war without a dissenting voice in either house.

A "slacker" congress, as it has unjustly been characterized at times since the declaration of war, has supported the administration's war program and responded to every request for money with a harmony not to be found in any foreign parliament, not even the German Reichstag. With only one exception the administration has had its way all through the session.

Washington, Oct. 5.—With the \$10,000 maximum insurance plan restored, as urged by the administration, and with an additional provision raising Maj.-Gen. Pershing, commanding the American forces in France, and Maj.-Gen. Bliss, chief of staff, to the rank of general, the soldiers' and sailors' insurance bill, carrying an appropriation of \$176,000,000, was passed last night by the senate by a vote of 71 to 0.

The bill was at once sent to conference, where prompt agreement is expected.

An amendment by Senator Smoot, adopted 37 to 33, provides that \$25 a month shall be paid widows of civil war and Spanish-American veterans as well as to the widows of the men who may be killed in the present war. This will mean an increased cost to the government of \$3,500,000 annually and an advance of \$15 a month to \$141 Spanish war widows and \$5 a month to 48,544 civil war widows.

Other amendments offered by the Utah senator authorizing the bureau of war risk insurance after the war to turn over to life insurance companies at government expense policies held by soldiers and sailors, and providing for the payment of \$100 a month to men permanently incapacitated because of wounds or disease were rejected.

A proposal of the senate finance committee to reduce the maximum amount of insurance allowed to each soldier from \$10,000 as passed by the house to \$7,500 was rejected by a vote of 40 to 16.

Allowances to dependents of men at the front range from \$15 a month for a wife to \$32.50 for a wife and two children and \$5 more for each additional child.

HIGDON INJURED IN TRYING TO SAVE LIFE OF A FRIEND WHO IS KILLED

SCOTT VEST CRUSHED BENEATH
BOX CAR ON HIS SIXTIETH
BIRTHDAY WHILE WORKING AT
SHOPS.

WOUNDED MAN RECOVERS

BUT MAY LOSE RIGHT ARM
WHICH WAS RUN OVER AND
BADLY MASHED. CARNEGIE
MEDAL PROBABLY.

B. F. Higdon is today battling to save a fractured arm from amputation, while the friend for whom he risked his life, Scott Vest, is dead at his home on West Market street, Decatur, having expired at Benevolent hospital last night a few hours after being crushed by a box car at the Louisville & Nashville shops. Mr. Vest was killed on his sixtieth birthday.

According to the statement made by Mr. Higdon to a Daily representative at the hospital this morning, Mr. Vest, employed as a car repairer, was sitting on the track underneath a box car when a switch engine backed up and attempted to make a coupling. Vest was run over and both legs crushed near the hip joints. Seeing the wounded man's plight, Higdon, who was passing by with some bolts in his hands, went to the rescue of his fellow workman and tried to pull him from under the car. The switch engine bumped the empty a second time and Mr. Higdon was thrown beneath the wheels. His collar bone was broken and his right arm severely fractured, according to Dr. F. P. Pettet, the attending physician.

Malone's ambulance hurried the two men to the hospital, where they were given every attention. Mr. Vest lingered a few hours. Indications this morning were that Higdon would recover. Physicians hope to save his arm.

Both men were popular and trusted employees of the shops, and the accident cast a deep gloom over the entire working force. The dead man resides in Decatur, while Mr. Higdon's home is at 1818 Fifth avenue, south.

The heroism of Mr. Higdon, in risking his life to save that of another is being highly commended and it is quite likely that he will be awarded a Carnegie hero medal.

Funeral services for Mr. Vest will be conducted from the residence at 515 West Market street, tomorrow morning at 10 o'clock, with Rev. W. N. Sholl, pastor of the First Presbyterian church, officiating. Interment at City cemetery.

REUTHER STORE TO BE MUCH IMPROVED

Handsome White Brick and Plate Glass Front. Also Music Room.

J. H. Calvin, owner of the building at 505 Bank street, Decatur, now occupied by the Reuther Jewelry Co., is planning and will begin work at once for a new white brick and plate glass front. The store will also be refinished and repainted throughout. In addition to these improvements, Mr. Reuther will build in the rear of the store a handsome and commodious music parlor in which will be displayed the extensive line of Edison machines now carried in stock, but not adequately displayed.

While the Reuther Jewelry Co. is comparatively a new concern, having been established in Decatur not quite two years, they have built up an extensive business through careful management and good business judgment and attribute no small share of their success to the clever advertising of Mr. Reuther.

FOUR THOUSAND PRISONERS ARE TAKEN

Serious Damage Inflicted On German Cities By
Allied Birdmen

(International News Service.)

Petrograd, Oct. 5.—Positive information has been received by the government that the Germans are preparing for a naval blow in the Baltic. Minister of Marine Admiral Werderski in an address to the committee of the Russian fleet, said that the government learns that the Germans are concentrating naval units for the proposed operations.

(International News Service.)

Petrograd, Oct. 5.—Premier Kerensky has threatened to leave the government, according to an article printed in the Retch. The article says that the premier has declared that he will resign if a cabinet of socialists exclusive of other parties is imposed on him.

(International News Service.)

Paris, Oct. 5.—Heavy artillery duels on the eastern bank of the Meuse river were reported by the war office today.

(International News Service.)

London, Oct. 5.—After months of heavy fighting in Belgium, the British today dominate the greater part of the famous Passchendaele ridge, smashing the German grip in an engagement which culminated yesterday in one of the most important victories of the war.

Determined efforts were made by the Germans to wrest from the British some of the ground won along the eight miles of fighting front around Ypres, but all failed.

Heavy fighting was in progress between Langemarck and Gheluvelt, the greater part of the night. The number of German prisoners in the hands of the British is now estimated at about 4,000. Much booty was captured also. No sooner had the British established themselves on the new ridge than the big guns began to roar, hurling a terrific barrage fire in front of the newly won ground to bar German counter attacks.

Tanks and aeroplanes played a big part in the attack.

Embryo Officers Have Pay Day

(International News Service.)

Ft. Oglethorpe, Ga., Oct. 5.—With the paymaster at the reserve officers' training camps doling out about \$800,000, the first pay the student officers have received since Aug. 27, business has begun to pick up. Two thousand of the students will go to Atlanta on a special train tomorrow morning to attend the Tech-Penn. football game.

I. W. W.'s Plan to Embarrass Army

(International News Service.)

Chicago, Oct. 5.—Arrest and internment of members of the I. W. W. are predicted by government officials today after the discovery of an alleged plot of the organization to foment a nation-wide strike of garment workers and thus curtail or cut off entirely the government supply of army uniforms. The investigation of this latest I. W. W. plot, government officials admitted, is under way.

The plot, it is declared, was hatched in Chicago.

NEGROES REACH CAMP PIKE; HURRY CALL FOR BIG SHOES

(International News Service.)

Little Rock, Aug. 5.—With the quotas that came in during the day counted in, Col. S. B. Shaw today estimated the total receipts for Camp Pike on the final quota to be 1,200 men. Alabama led the list with 439.

Thirteen negroes were included in the Mississippi quota and with the arrival of these negroes the quartermaster's department sent a hurry call for larger shoes, as No. 12's were the largest size in stock.

ALBANY RED CROSS BOX SALE TONIGHT

GIFTED AUCTIONEERS TO CRY
MERITS OF WARES AT THE
Y. M. C. A.

Full of expectancy for big sales tonight at its box supper to be held at the Y. M. C. A., the Red Cross authorities have provided three relays of salesmen. When the hammer is raised on the minute of 8 o'clock tonight T. H. Alexander or J. W. Cunningham or J. H. Green, one of these three members of division one, will hold aloft the first box of the evening to be bought by some loyal and hungry American for future reference. After the first three men have sore throats from much auctioneering, their task will be taken up by members of team number two, composed of C. J. Bodemer, Judge L. P. Troup and J. E. Blair. The final sales will be made by the following team: Dr. H. R. Thompson, A. G. Patterson and B. L. Malone.

With the entertainment committee leading and every committee of the Red Cross hustling for it, the evening should turn out to be a great affair. As war needs are to call for sacrifices more and more as the weeks go by, tonight's effort is to be one of the easiest methods of separating the patriotic from their coin. Value received will be given and a big evening of old-fashioned good time will be thrown in.

The entertainment committee is expecting the presence of a number of musicians and other entertainers, and by lot some of their number will be chosen to play and sing and perhaps to speak, provided the auctioneers haven't already talked everyone half to death.

Machinery For New Hosiery Mill Here

Work is progressing rapidly on the new Nick-A-Jack hosiery mill in Decatur. The new hard-wood flooring has been laid and the downstairs section is all ready for the machinery, a shipment of which is expected to arrive today.

Applications for positions in the new factory can be obtained at any business house in Decatur and at the Daily office in Albany.

It is hoped to have the first units of the mill in full operation by Oct. 20 at the latest.

ANOTHER SIDELIGHT ON GERMAN AMBITION.

It is hardly possible that any further proof should be required to convince even the most like-warm American that the German empire deliberately went to war with the object of crushing the world, including America. If such proof should be necessary, it has been furnished by Senator Lewis, of Illinois, who recently read into the records of the senate the statement of Admiral Dewey regarding a conversation held with an admiral of the German navy in Manila Bay in 1898, nearly twenty years ago. Senator Lewis is quoted as having said:

In the record of Admiral Dewey we find a statement concerning a conversation he had with Admiral Von Goetzen at Manila in 1898, at a time when we were not without some difficulties throughout the world and particularly with a certain element of the German navy. Admiral Dewey quoted the German admiral as follows:

"About fifteen years from now my country will start a great war. She will be in Paris in about two months after the commencement of hostilities. Her move on Paris

will be but a step to her real object—the crushing of England. . . . Some months after we finish our work in Europe we will take New York and probably Washington and hold them for some time. We will put your country in its place with reference to Germany.

"We do not propose to take any of your territory, but we do intend to take a billion or so of your dollars from New York and other places. The Monroe doctrine will be taken charge of by us as we will then have to put you in your place, and we will take charge of South America as we wish to. . . . Don't forget this—about fifteen years from now, remember it, and it will interest you."

This is a part of the communication which Admiral Dewey submitted to this country and is to be found in the naval and military records of our government, No. 38, volume 59, page 558. I never understood why my government never allowed this to be published. I never understood why it was never sent broadcast to our country, to our countrymen who heretofore had been in doubt as to their duty.

I say to any senator who occupies a seat on this floor, wherever he is, that so long as the Kaiser's reply to the Pope remains as it is now unmodified, with that daring and audacity to civilization, the man who now raises his voice in America, in any assemblage of any kind, condemning any measure of his own country or criticizing the undertaking of the United States, lends himself deliberately to the interests of the German empire.

This testimony is in line with that offered by many other witnesses and is corroborated by developments. This accumulated evidence should make every American thankful that the war is being fought on the other side of the Atlantic, and that the United States has done its "bit" to keep it there. It should also stimulate the sale of Liberty bonds, quicken the activities of the Red Cross and strengthen the nation to greater sacrifice still in order to "make the world safe for democracy."

Our Job Department is equipped to take care of anything you may need in this line. Let us have your order.

PATHE'S NEW SERIAL WITH PEARL WHITE, BEGINS AT DELITE AND STAR SATURDAY

"The Fatal Ring"

The new Pathe serial, "The Fatal Ring," adapted from a story by Fred Jackson, starts off with every indication of possessing the qualities beloved by the followers of the continued-next-week picture. It is very much alive at the beginning of the first reel and before the first installment is over the attention is firmly caught. The title of the opening number is "The Violet Diamond." It is in three reels, but the other numbers will contain but two. The cast is a fine one. Aside from the one and only Pearl White, Earle Fox, Ruby Hoffman, Warner Oland and Henry Gassell have important parts in the serial.

The character played by the star is that of Pearl Standish, the richest girl in America. She is anxious for excitement and there is every indication that her wish will be gratified before the last reel. A jewel known as the Violet Diamond of Daroon has been stolen from an Eastern god, and a high priestess and a band of her countrymen are in America to recover the diamond. It is supposed to be in the possession of the Standish family, and a handsome young housebreaker, one Nicholas Knox, is ordered by the priestess to steal back the jewel. His attempt gets quick action and, in a lively general mix-up, Pearl does a stunt over a stair rail and connects with a chandelier in a highly sensational fashion. She still has all her old joy in a free-for-all encounter.

DEMAND THAT GOVERNMENT SUPPRESS ARGENTINE STRIKE
(International News Service.)
Buenos Aires, Oct. 5.—A direct demand for government intervention in the nation-wide strike was made upon President Irigoyen today by representatives of the biggest agricultural and industrial interests in the republic. It has begun to look as though the Argentine strike will establish a world record in the matter of duration unless the government takes drastic steps.

Save Money Now On
Hudson Super-Six

Many former \$1200 to \$1400 cars now cost about as much as a Hudson Super-Six

Price has always been a fairly accurate index of quality. But just now, because of the headlong rising of material costs, price is not a true indication of value. Fifty-one cars have been forced to advance prices 20% to 25%.

The present supply of Hudson Super-Sixes is built from materials contracted last year. Since then material costs have almost doubled. When that supply of materials is exhausted, then Hudsons, too, must cost more. By prompt buying you can save the difference between what a Hudson Super-Six now costs and what it must certainly have to cost when its

price is influenced by the present material market.

When former cheaper cars could be bought at \$200 to \$300 less than the Super-Six, no two of them had sales equal to those of the Hudson. That shows how popular the Super-Six has always been as compared to other cars. It is easy to imagine how much more popular it will be now that there is no such price advantage. The Hudson Super-Six has made itself the wanted car as compared with others.

It is the largest selling fine car. Almost 40,000 are in daily use. It has established itself as the life-time car.

Mrs. Wyker Thanks Her Many Co-Workers

For Assistance Given in Raising Decatur's Share of War Library Fund.

As chairman of the War Library Council of Decatur and vicinity, I wish to divide the compliment paid me in the Daily and give "honor to whom honor is due."

At the meeting of the Carnegie library board at which Mr. Carl Mylam, state director, was present, Mrs. J. T. Jones was made assistant chairman, Miss Louise Leaningham, secretary, and Mr. Clyde Hendrix (outside of the Carnegie board), treasurer. All these, with the efficient key workers who took subscriptions, deserve great credit, especially Mrs. J. T. Jones, who worked side by side with me. Mr. W. M. Bailey was the first key worker to report having raised his ten dollars in three hours, to which later he added four more. Mr. Nungester, of the Twin City Pharmacy, soon followed, then Mrs. J. C. Calvin and D. D. McGehee.

The public school responded with \$9.76, which would have been more if the children who take their lunch could have contributed.

We wish to acknowledge our indebtedness to the D. A. R., which, without solicitation, contributed \$2.50.

To the town of Falkville which gladly, as a community, gave \$10 from its treasury, supplemented by \$5 from its citizens. To the town of Lacon, through J. B. Patterson, for a \$5 subscription. To the gentlemen who gave us \$5 subscriptions, and the ones who later promised to double if necessary to make the amount, which they were not called upon to do. The amount was over-subscribed, we are grateful to announce.

MRS. JOHN D. WYKER,
Chairman.

A RARE TREAT.

Miss Christine Tinsling, National W. C. T. U. lecturer, will speak at the Central Methodist church Monday evening. A large crowd is expected to hear the address of this noted speaker.

BUSINESS WOMEN'S CONTEST CLOSES.

After a week's postponement, the B. W. C. A. met last evening in the west room, Mrs. Seneca Burr presiding.

Some unimportant matters were discussed and committees appointed and heard from, after which the chairman asked for a report from the "Red, White and Blue Contest" for new members, which has been in progress for three weeks, the captains being Misses McRae, Lovelady and Bracken, representing the three colors respectively. Miss Lovelady was in the lead, reporting 30 members as having been added, while Miss McRae had obtained 16 and Miss Bracken also, 16 additions. The losers had to pay the penalty of "treating" the winning side, so the party went to the drug store and had a feast of ice cream at the expense of the losing sides.

To Decatur Parents And Guardians

We wish hereby to call the attention of all parents and guardians of the city to the provisions of the law for compulsory education. The law provides that all children between the ages of eight and fifteen years inclusive, shall attend some school, with the following exceptions:

1. Those who have finished the seven elementary grades.
2. Those mentally or physically incapacitated.
3. Those unable to attend school on account of poverty.

With these exceptions, every child in the city, within the prescribed ages, must attend the public school, or some private or parochial school. This law, as has been published, went into effect on October 1. According to its provisions, compulsory measures must be resorted to after five days.

It will be necessary, therefore, for the attendance officer to investigate at once the reasons for the non-attendance of all children who come under the provisions of the law.

New Treatment For Malaria Better Than Quinine and Calomel

No longer is it necessary to take head-splitting doses of bitter quinine sulphate, or drastic doses of nauseous calomel for your chills, fever or malaria. Quinotone, the wonderful new treatment, will do the work much easier, quicker and better.

Quinotone is a complete tonic treatment for all forms of malaria. It is composed of six vegetable ingredients in scientific combination with Pepsin and Iron, and contains, in mild form, certain laxative elements which make 333 Liver Tonic such a splendid medicine.

Quinotone tones up the body, enriches and purifies the blood, builds up the appetite and restores health, strength and energy to a high degree. People suffering from a general run-down condition will find it a most helpful and effective tonic. It is pleasant to take and may be used by man, woman or child.

You can buy genuine Quinotone in big 50-cent packages at Dillehay Brothers or other good drug stores. (Adv.)

Trained Pony at The Street Fair

"Pickles" is an Unusually Clever Animal. Trainer a Veteran.

"Pickles," a little Russian pony, owned and trained by Capt. A. F. Terp, is now on exhibition at the street fair and is attracting much attention. In connection with a troupe of splendidly trained dogs this pony goes through a series of tricks that are amazing and shows what complete mastery their trainer has over them in their all but human understanding.

Captain Terp has been training animals for the past 27 years, domestic and wild animals being trained during his long and varied career. From the mouse to the elephant is the range. Beginning when a boy to trap coons, possums and other small animals, he evidenced an aptitude as a boy for winning the confidence and love of animals and through the succeeding years this ability was developed until now he is recognized as one of the best, having subjugated all sorts of animals for the Barnum-Bailey, Wallace, Sells, Gentry and others prominent in circus life. Captain Terp was reared on a farm in

ALABAMA BOYS WON ALL HONORS IN GREAT REVIEW

HAROLD GRAY SENDS NEW YORK HERALD STORY OF THRILLING INCIDENT.

The following clipping is from the New York Herald at the time the famous "Rainbow Division" passed in review in New York City. It was sent by Harold Gray to his father, J. R. Gray, of the signal service, Company D, 167th Infantry, now in camp at Hempstead Plains, N. Y.

Young Gray volunteered in the National Guard about the time war was declared. Mr. Gray went to Montgomery to see his son a day or so before he left for New York. In advising him, he told the young soldier to have a care for himself and to render hors du combat all the enemy, to which Harold Gray replied: "I am going to bring the Kaiser back, dead or alive."

The Herald account follows: "To the throbbing music of rolling drums and screaming fifes, almost 80,000 troops composing the celebrated 'Rainbow Division,' representing 26 states, passed in review before Secretary of War Baker Sunday morning on the plains of Hempstead.

"Bright skies with just a pinch of winter winds, together with fields of waving golden rods and thousands of visitors from every section of the country conspired to paint a beautiful picture of martial power. As the long lines of gleaming bayonets and bright regimental colors swept down the long lanes of Hempstead, volleys of cheers almost drowned the lively airs being played by the various regimental bands.

"Alabama was given the post of honor in the review and when the 'Old Fighting Fourth Alabama Infantry,' marching at the head of a column of troops two and a half miles long, every man keeping step to the music, every head held proudly erect, marching with mechanical precision, with Col. Wm. P. Screws of Montgomery, Ala., at its head with his staff swung by the reviewing stand, like veterans, Secretary Baker and the large number of distinguished visitors and officers clapped their hands, and cheered the crack organization from Alabama that will soon be doing their bit for France. It will be doing no violence to the truth to say that the Alabama soldiers received more compliments from the spectators than any of the troops from the other states. Fifteen months' hard service on the drill fields and months of service on the Mexican border made the Alabama soldiers the pride of the Rainbow Division yesterday.

"Colonel Wm. P. Screws, with his able staff and line officers, have a just right to feel proud of the wonderful showing made by the men of their native state yesterday, and the result proves that no more efficient men can be found anywhere than those in the Old Fighting Fourth.

"The giving of the post of honor to this regiment, leading the entire division before General Mann and Secretary Baker, was something coveted by every organization represented in the division, and to the brave Alabama boys, led by Colonel Screws, belong this distinction. Every town and county in Alabama is represented by the men who are members of this regiment, and all Alabama would have cheered long and loud could they have seen their boys carry off so many well deserved honors yesterday."

Dallas G. Martin Writes From France

Says Pershing's Men Are Fit and Ready to Go After the Germans.

Dallas G. Martin, of Albany, is well and happy "somewhere in France," according to a letter received from him today by his brother, Lacey Martin. The young soldier is with Pershing's men behind the French firing line, or may already be exchanging shots with the enemy. He is with the field artillery, having asked for a transfer from the coast artillery when it became known that the honor of going abroad first would go to "Black Jack" and his veterans.

The letter from Mr. Martin was short and necessarily said nothing of value concerning military operations. It stated that the expeditionary force was fit and fine and ready for a scrap.
